Traditional Transformation

There's a purity of character unique to traditional hardwood floors. It reflects deep respect for wood and craftsmanship in every contour of grain. Our popular Traditional hardwood styles faithfully render oak, walnut and birch looks in on-trend colors with exceptional durability, allowing you to transform any room with the timeless beauty of traditional wood.

Stunning Stone

The raw strength of stone has made it the foundation of structures for millennia. And its visual appeal is equally enduring. From classical Travertine to contemporary concrete styles, Vivero flooring makes marble and stone looks more appealing than ever. With authentic beauty, low-maintenance durability and new plank sizes, Armstrong puts a stylish spin on a trending shape in design.

Rustic Rediscovered

Inspired by historic handwork and craft, vintage rustic looks are back in style. Rough-hewn, rugged and time-worn looks are bringing authentic character to great spaces of all types, from rural to urban, homestyle to hipster. Armstrong has captured the distinctive visuals and textures of vintage timber, bringing new real-life versatility to a historic, rediscovered favorite.

Exotic Escapes

Like travel, exotic woods reawaken your sense of the possible. In these bold colors, unusual patterns and unexpected varieties, you'll find essences of luxury, escape and intrigue. Inspired by extraordinary wood species from around the world, Armstrong has matched their beauty with outstanding performance and simple maintenance you'll love as much as the look.
