Special Financing**

On purchases of \$999 or more on your Synchrony Financial credit card through 12/31/18. Interest will be charged to your account from the purchase date if the promotional purchase is not paid in full within 12 months. Minimum monthly payments required.

* Offer applies only to single-receipt qualifying purchases. No interest will be charged on the promo purchase if you pay the promo purchase amount in full within 12 months. If you do not, interest will be charged on the promo purchase from the purchase date. Depending on purchase amount, promotion length and payment allocation, the required minimum monthly payments may or may not pay off purchase by end of promotional period. Regular account terms apply to non-promotional purchases and, after promotion ends, to promotional balance. For new accounts: Purchase APR is 29.99%; Minimum Interest Charge is \$2. Existing cardholders should see their credit card agreement for their applicable terms. Subject to credit approval.

COREtec Plus™

Engineered Luxury Vinyl Flooring

COREtec Plus® represents the next revolution in luxury vinyl flooring. It's a great alternative to glue down luxury vinyl tile (LVT), solid locking LVT, or laminate flooring. The patented construction of COREtec Plus® features our innovative COREtec core structure, which is an extruded core made from recycled wood and bamboo dust, limestone, and virgin PVC. Since COREtec Plus is 100% waterproof, it can be installed in wet areas and will never swell when exposed to water. COREtec Plus® is inert and dimensionally stable; it will not expand or contract under normal conditions. Plus, it never needs expansion strips in large rooms. Each COREtec Plus plank has an attached cork underlayment for a quieter, warmer vinyl floor that is naturally resistant to odor causing mold and mildew. And with a wide array of hardwood, stone and slate decors, COREtec Plus® has the look, style and unmatched performance for any room in your home.

Congoleum
AirStep®

AirStep® Advantage
Sunbaked Dock

AirStep® is a Congoleum® exclusive in the flooring industry. The AirStep® products developed by Congoleum® are the better alternative to fiberglass. This advantage of the AirStep® products comes from their UltraTec™ construction. Rather than a fiberglass inner liner, AirStep® uses a felt inner liner, which allows for the small amount of size change necessary with natural temperature changes. The Congoleum® AirStep® products can be loose laid, perimeter adhered or fully adhered over a wide variety of substrates, without the worry of buckling. AirStep® products are the only products in the industry that offer a lay flat, stay flat, no buckle guarantee.
