COREtec Plus™

Engineered Luxury Vinyl Flooring

COREtec Plus® represents the next revolution in luxury vinyl flooring. It's a great alternative to glue down luxury vinyl tile (LVT), solid locking LVT, or laminate flooring. The patented construction of COREtec Plus® features our innovative COREtec core structure, which is an extruded core made from recycled wood and bamboo dust, limestone, and virgin PVC. Since COREtec Plus is 100% waterproof, it can be installed in wet areas and will never swell when exposed to water. COREtec Plus® is inert and dimensionally stable; it will not expand or contract under normal conditions. Plus, it never needs expansion strips in large rooms. Each COREtec Plus plank has an attached cork underlayment for a quieter, warmer vinyl floor that is naturally resistant to odor causing mold and mildew. And with a wide array of hardwood, stone and slate decors, COREtec Plus® has the look, style and unmatched performance for any room in your home.

LUXE PLANK®

with Rigid Core Technology

Choose from a variety of in-stock styles, patterns and visuals!

**100%
WATERPROOF**

Armstrong's LuxePlank with Rigid Core Technology is an ideal solution for uneven subfloors. Thick, sturdy planks integrated with a rigid composite core and backed with an acoustic cork underlayment can be installed right away with no acclimation time. Fast and simple locking technology secures the planks together and beautifully hides minor subfloor irregularities.

- 100% waterproof* planks— perfect for baths, kitchens, basements & laundry rooms
- Quiet – cork back reduces sound transmission
- Easy to clean & long-lasting – durable wear layer and factory-applied coating means floor resists scratches, stains and wear, making clean up easy
- Kids, pets, heavy traffic – Luxe Plank flooring handles it all

In-Stock and Unbeatably Priced!

*When exposed to water Luxe Plank® tiles/planks will not swell, buckle or lose integrity. See warranty for details.
